

Ohio Kitchen Table Net Preamble rev-2

Good evening, this is (Name, Call sign) opening the Ohio Kitchen Table Net.
This net is open to all licensed amateur radio operators.
Is there any emergency traffic ? If so please call net control now.

(pause for emergency traffic and handle if there is any)

We meet on the Brandmiester DMR talk group 313964 on Fridays at 6pm.
This is a directed net with a net control station.

The purpose of this net is to encourage the use of DMR repeaters in and around Crawford, Marion, Morrow, Delaware, and Union counties to promote comradery among all amateur radio operators.
Please visit ohiokitchentable.net for additional information.

I will call for mobile check-ins first, then all regular check-ins. We will then work down the list asking stations to comment on a topic or share any information they would like with the net.
After we work down the list, I will then ask if there are any announcements for the net, followed by a "73 round" for any additional comments or information for the net.

The topic for the net is: (NCS topic of choice).

When checking in, after keying up the radio wait 2-3 seconds before speaking to compensate for any latency on the network. Please state your call sign, name, and location when checking into the net.

This is net control (call sign) are there any mobile stations that would like to check in to the ohio kitchen table net? If so, please call net control now.

Are there any regular check-ins for the Ohio Kitchen Table Net? If so, please call net control (call sign) (3 at a time -optional) now.
